2. All National Association Members of PAHF are encouraged to register individuals for development as Technical Officials. They will be trained and used at regional events and may be eligible for selection at World Level events based on the **International Hockey Federation's (FIH's)** criteria.

3. **Continental Elite** officials are those who are considered PAHF's highest ranked officials and who are capable of managing their Top Tier events.

 These include the Pan Am Cup, Indoor Pan Am Cup and Pan American Games hockey events. These include, but are not restricted to present FIH Panel List of Technical Officials.

4. **Continental Elite Development** officials are those who are capable of or have the potential to manage the PAHF top tier events as TD's and who are also capable in their own ability to manage as a TD at qualifying events for same (second tier) including PAHF Challenge, C.A.C. Games and ODESUR South American Championships.

TOURNAMENT OFFICIALS BY CATEGORY
1st July 2018**

5. **Continental Level** officials are those who are competent as a Technical Official at an event but not identified as development prospects and who have not clearly exhibited a level of management skills and/or leadership qualities to handle top tier events.

These officials may be used as TD's for second tier continental events, inter-nation events and test matches which will provide them with some opportunities to display growth in these areas.

Should they subsequently display that they are capable of managing at the first tier level they will have the opportunity to be upgraded.

6. **Continental Promising** officials are those who have limited experience, exposure and good technical ability but must receive more development work and opportunities to assess further their future potential.
7. **Continental Trainees** are officials who are new, lack knowledge and/or training as well as limited experience. These officials must be exposed to regional courses prior to and during their development phase.
