Building Capacity

The use of "Officials from the Host" is an option available to the Appointments Committee in appointing officials. It is not an obligation under the Chart of Responsibility
With more emphasis being placed on host nations to provide resources for medical and communication, templates and protocols for standard best practices are to be developed, so that the selected national officials are aware of the guidelines of their posts.

For the local Communication Officer, generic assets or toolkits are to be developed as guidelines for them. Some possible training component should also be developed for these potential communication personnel, so that the pool can widen

Hosting

Mandatory joint events: Pan Am Games, Indoor Pan Am Championships, South American Championships, Odesur Games, Pan Am Youth Championships
The other events are generally single events, but there is the option, by the host (during the bidding stage) to indicate the interest to host a joint event
